Dear Parents, Carers & Families,

The children have really settled down to their learning and have embraced all things related to their topic. They particularly enjoyed exploring shadows using our light box to create their own shadow shapes. They have particularly enjoyed their text this week 'Night Monkey, Day Monkey' and we have seen some fantastic outcomes across all areas of learning. If you haven't had the chance, please take a look at Showbie to see examples of your child's learning as we continue to enhance what is shared - you may have noticed an increase in the use of videos as well as capturing learning across all areas of the curriculum.

Have a wonderful weekend,

Miss Ingrams and the Lime Wood Primary team.

Parent Survey Feedback

Thank you once again - we had 29 responses in total and will report back on findings each week.

The school deals with bullying effectively

18 of you responded Strongly Agree and Agree. 11 selected 'I don't know'. Our Anti-Bullying policy can be found on our school website which will provide more information about our approaches to dealing with any bullying concerns. The policy works alongside our Behaviour and Relationships policy and is focused on restorative practice and ensuring that next steps are learnt by all.

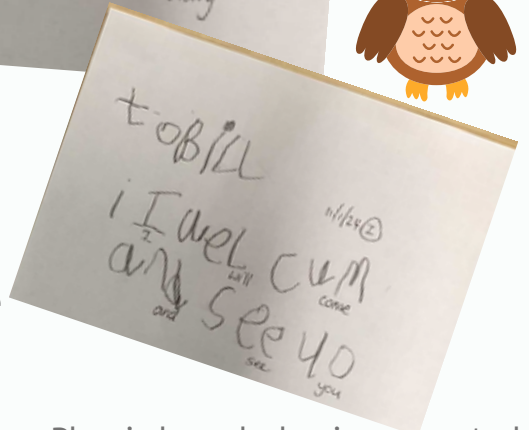

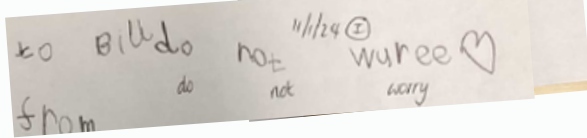

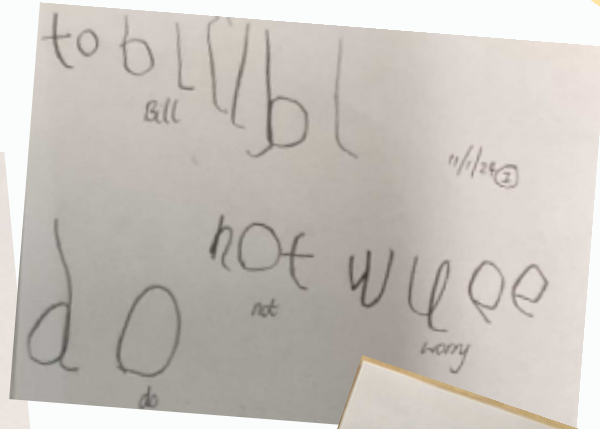

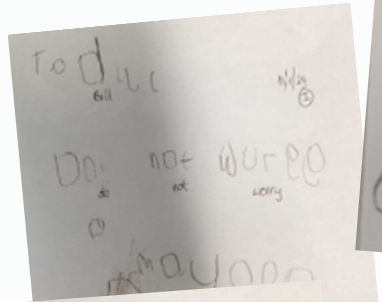

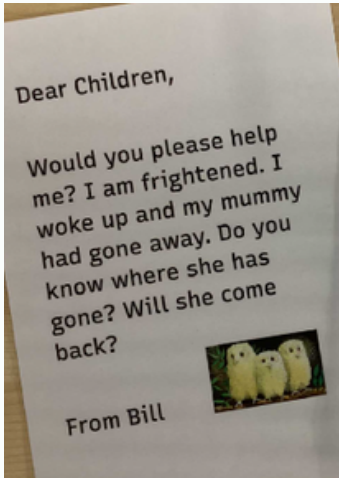

The school makes me aware of what my child will learn during the year

28 of you responded Strongly Agree and Agree which we are delighted about. We work hard to share as much information as possible. 1 parent responded 'I don't know' - for any parents that are unsure, please check out our school website and select 'Our Curriculum'. All information we send out on Arbor to you all is uploaded here also.

When I have raised concerns they have been dealt with properly

24 of you selected Strongly Agree and Agree which, again, we are pleased to report. 4 of you selected 'Not Applicable'. For any parents that feel that a concern has not been responded to properly, we urge you to book an appointment with Miss Ingrams so that you can discuss the matter further and an agreeable response is found.

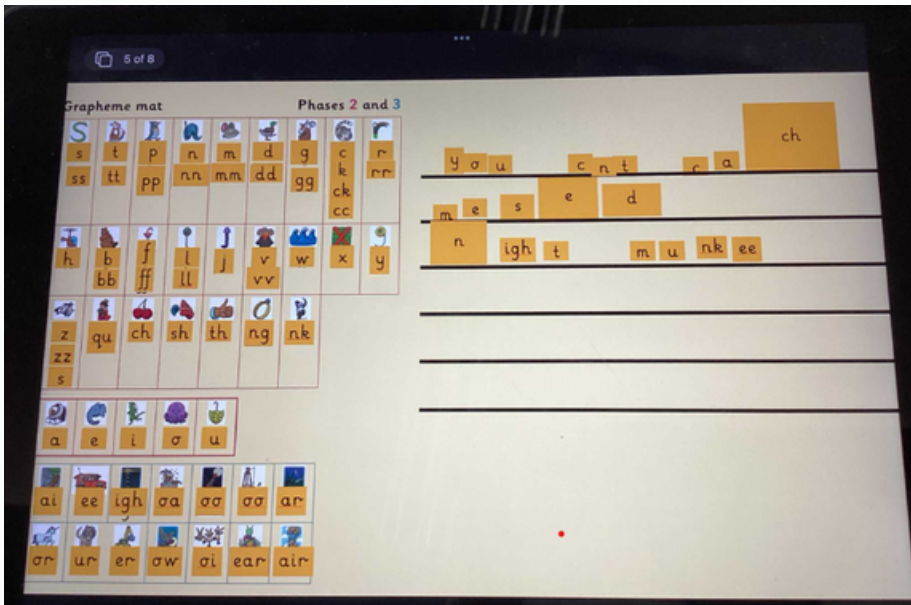

WE LOVE LEARNING WRITING

We have been so proud of the children's writing development over the past term. Independent writing is really showing some great progress - we love these letters that children wrote back to Bill!

Phonic knowledge is supported through the use of IPADS too in order to support sentence construction allowing children to independently apply their skills.

Each classroom as well as our outside area has a Phonics station to further support children's development of knowledge and skills. Activities are updated each week in order to provide challenge.

We use an intervention called Colourful Semantics to support children's ability to construct a sentence - they have been making some great sentences!

VALUES IN ACTION

Kindness - The children have been really developing their empathetic skills by looking after each other.

Teamwork - Shared partner work in Forest School using our talking binoculars and recording observations.

Respect - Smart Walking around the school is going from strength to strength and the children always smile and greet adults.

Curiosity - The enthusiasm for learning is so impressive to see - they are loving learning about nocturnal animals and shadows!

Pride - As we approach the half way point of the academic year, the school team have been reflecting on all of the achievements of the children and our own fantastic school!
